President's Report

Well, ready or not, the fall season is quickly coming to an end and winter appears to be upon us. Here in Southern Ontario it has been one of the wettest summers on record with one agronomist telling me we've had 40% more rain than the 30 year average. We did manage to get lots of hay off between the rains this year but our fields were so wet the custom harvester called it quits after only $\frac{3}{4}$ filling our silo with corn silage. So hopefully the ground freezes and we can combine the rest along with another wet field.

We try to keep our meetings to a minimum during the busy summer and fall which leaves Jessie and Rob doing the heavy lifting. We are still working on a young sire program and we have developed some ideas that we will send out to you for your feedback shortly. The fall show season is over and the Guernsey breed was well represented at many fairs across Canada. Our National Show was well attended with one new exhibitor and a couple more animals than last year. At the Outdoor Farm Show in Woodstock Guernseys were on display in the EastGen booth thanks to a Judgment daughter from Forsters. The Lindseys also hosted a picnic full of food, friends and games. If you have events planned in your area, be sure to let Jessie know and send her pictures from the event.

Plans are already under way for our display at next February's Canadian Dairy Xpo and our annual meeting scheduled for the end of March. John Gordon will be our guest speaker presenting a slide show from his trip to this year's World Guernsey Conference in the Isle of Guernsey.

Hopefully I will see you at these future events.

Finally I want to wish everyone a Merry Christmas and a prosperous New Year!

Sincerely
Scott Gordon

FIELDMAN REPORT

December 2013

What an exciting time of the year – Bull proofs come out the early part of December with a new proof expected for Springhill Judgment-ET. He is an Aaron son from Dix Lee Tiller Joke. Earlier this year Judgment's full brother Jackpot received a pleasing MACE proof so there is some anticipation of good numbers for Judgment as well.

As many of you know, the young sire program through Semex is drawing to a close as the last bull is currently being sampled (Dairyman Double Dawson). You could call this somewhat of an end of an era. It has been a very successful partnership that many breeders had grown accustomed to participating in. I guess when one door closes another one opens. Future young sire usage options have been presented to the board of directors but it is you the breeders that will provide the input to the direction we take. Those options include: syndicating a Canadian bull, importing semen from England, using sires available from other AI organisations or a combinations of any or all of these options. We need to keep in mind that each breeder should use some young sires in their breeding program. As an association, our goal will be to provide improved genetics at a competitive cost to our members while minimizing risk to the association. I will be contacting breeders shortly to discuss these options more in depth and obtain feedback.

The Association took advantage of several golden opportunities to market the Guernsey cow and quality products this past year. I believe that this trend will continue and provide growth for the breed. I would like to thank the organizations for the invitation to promote at their events (Canadian Dairy Xpo, EastGen, Upper Canada Cheese/The Cheese Boutique) as well as the breeders and enthusiasts that offered their time and/or animals for display.

Our National Show once again was a huge success. Glen McNeil was impressed with the quality of animals that were paraded in the ring that day. Our numbers were comparable to previous years with deep classes. A proud moment for our breed was to view a showmanship class of 13 young people who had worked hard to train their calves. I would like to thank the breeders, volunteers and sponsors for their continuous support of this event.

I would like to congratulate Seth Johnson for his 18 years of dedication to the American Guernsey Association and wish him well in his future endeavours.

I almost forgot - the other reason that this is an exciting time of year: From my family to yours I would like to wish you all a Merry Christmas and a Happy Golden New Year.

Feel free to contact me to discuss anything Guernsey.

MacLean, Thomas D. - Age 63, of Middle River (Ivera), passed away peacefully August 6th, 2013, in Victoria County Memorial Hospital, Baddeck, Cape Breton. He was a son of the late Edward and Ethel (Garland) MacLean. He was a member of Middle River United Church, the Nova Scotia and Canadian Guernsey Association, Nova Scotia Federation of Agriculture and Nova Scotia Milk Producers. He was a milk producer for over 30 years, a renowned Guernsey breeder and won multiple awards for his cattle. He was well known for his artistic floral arrangements and harvest displays. He is survived by his wife, the former Ruth MacPherson; daughters, Natalie, Sudbury, ON; Susan (Nicole), Truro; Monica (David), Ireland; Lorna (Wesley), Middle River; brothers, Eddie (Mary Ellen) and Lorne (Debbie); many cousins, especially Tish Nicholson and Kenene MacDonald; several nieces and nephews and their families; and precious grand-daughter, Ceilidh. The family would like to thank Dr. Khodadad, Eleanor and all the caring, compassionate folks at the Cape Breton Cancer Centre. Many thanks also to the thoughtful and professional caregivers at Victoria County Memorial Hospital, especially Dr. Genge and Dr. Ritter. Thank you as well to the many folks who waved, tooted and stopped to chat when he was out walking. Funeral service was held Friday, August 9th at 2 pm in Farquharson Memorial Presbyterian Church, Middle River, Rev. Louis Ihasz officiating, followed by tea at the Middle River Community Hall. In lieu of flowers, donations may be made to the Cape Breton Cancer Center Patient Care Fund, Victoria County Hospice Society, or Prostate Cancer Society of Canada.

I have been asked to write a report on the 14th World Guernsey Conference Tour held on Guernsey Island 2013. The pre tour started in England where we visited eleven herds. We had a good look at their Guernsey cows, grazing in pastures green as they had a wet spring so there was lots of grass available. People were really wonderful and hospitable serving lunches, teas and dinners in everything from empty bunker silos to hay barns to pubs and formal dining rooms. A few nights we were included with local clubs awards night where milk production trophies were handed out. I think every farm served us "cream tea: which is a scone with jam and clotted cream. That was OK as they are delicious. Most Guernsey farms have diversified, making ice-cream, clotted cream or doing B&B. Twice we had judging. One of these was held at the Tredinney herd owned by Derrick and Rosemary Warren. Rosemary is the president of the English Guernsey Society so she visited almost all the farms with us for the pre tour. First we had lunch, then a trip to see the cows on pasture, the judging and then a BBQ. Like everyone they did a lot of work for us. It was very foggy here as their farm is close to the Cornish coast. The fog could be seen rolling with the cold wind. It was the coldest day of our whole tour. On the way to the different farms we did some sightseeing. Bath to see the Roman Baths and the Cathedral, The Royal Horticultural Society Rosemoor Gardens, Tintegal Castle where it is claimed to be King Arthur's castle and Merlin lived in a cave beneath the castle, Port Issac where the TV series "Doc Martin" is filmed (the highlight of the pre tour for me). We also spent a little time in Truro shopping or seeing the cathedral. Chris Watson of Devon was our guide on the pre tour. Everything was going fine until our bus broke down driving over Dartmoor National Park. Cellphones didn't work here so the bus driver, Matt and Chris had to walk to a little hamlet to see if a phone was available. We were soon rescued and taken to our next hotel for a late dinner. The next day after spending one week in Devon and Cornwall, we left Matt, our driver, and boarded the ferry for the three hour crossing to St. Peter's Port on Guernsey Island. Here Carolyn, the travel agent who organized the tour joined us for the rest of the tour.

She kept us straight and was a good sport.

Ray Watts, the World Guernsey president, met us with a bus to take us to the hotel where we would stay for the next two weeks. Coming into port we had a good view of the impressive fortification, Castle Cornet, where that evening we were invited to a reception hosted by the Bailiff of Guernsey and the Guernsey president, Ray Watts. Next day was July 1, so the four Canadians on tour celebrated Canada Day by holding a Canadian flag by some cows on the Le Hechet farm. During the two week that we were on Guernsey, time was taken up with a show, three days for the conference, three days going to the smaller islands in the English Channel, seeing lots of farms and some sightseeing.

We took the people ferry to Sark, no cars here, only tractors, horses and bicycles. We got a ride on horse and buggy around the island, stopping at some beautiful gardens, and a small Guernsey farm with their own processing plant. Herm is even smaller, just tractors here. People go to Herm mostly for holidays. We flew to Alderney in a 12 seater airplane dividing into four groups. There is a Guernsey herd on Alderney and they also process their own milk supplying dairy products to the island. They also have a farm shop selling beef, lamb and pork. They also won most of the trophies at the show. On Alderney, there is lots of evidence of the German occupation during WWII, fortifications which are now being transformed into housing.

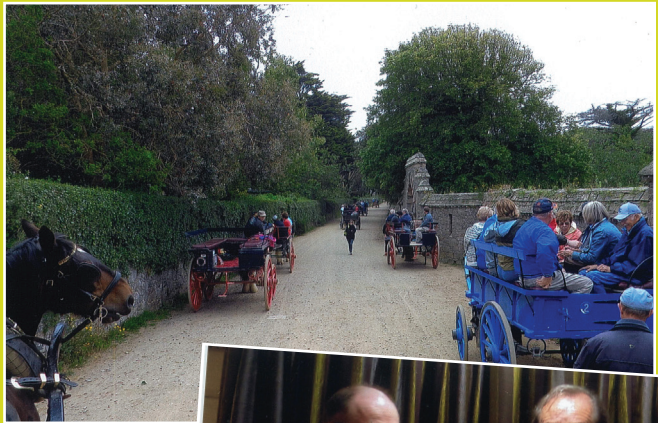

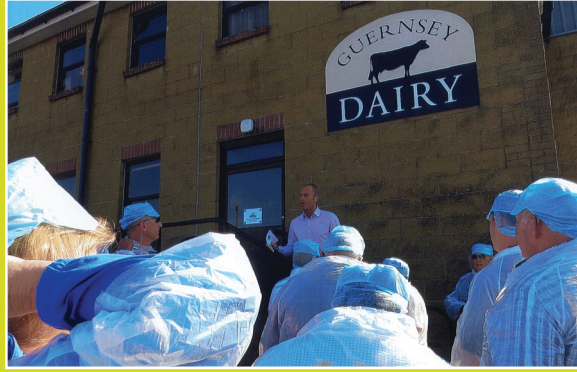

There is also lots of evidence of German occupation on Guernsey. We went to explore some bunkers that had been left like they were during the war, a gun pointing out to sea, trenches and lots more bunkers. One fellow collected all the weapons etc. that the Germans had left and made a museum. Trying to make the bunkers less conspicuous, flowers had been planted around them. There are also 15 towers dotted around Guernsey built to keep out Napoleon who the British thought might attack because he sided with the colonists during the American Revolution.

On one of the trips we went to Hauleville House where the author Victor Hugo was exiled for 20 years because he spoke against Napoleon for keeping the French people in poverty. His most famous book was *Les Miserable*, now a famous musical. He liked carvings so he would design something and a carver would carve it for him. The house was very dark as all the walls and furniture was carved from dark wood. He wrote almost continuously, only sleeping a few hours a night on a small low cot. The house is filled priceless original manuscripts, many bound in cloth. He would feed the children, the number growing by the day.

The Victoria Tower was built to commemorate the surprise visit by Queen Victoria to Guernsey in 1900 for the millennium. There was also a visit to the Governor's house and a walk in the gardens. We had a visit to the States of Guernsey Dairy, the only dairy on Guernsey. It was state of the art, even a small area for organic milk, produced by Jim and Liz Naftel. One evening we went to the La Viser Marchi, a traditional Guernsey festival. They delayed the festival to coincide with the tour and we got special mention and free drinks and snacks. To our stay on Guernsey, Ray Watts hosted a BBQ and dance. A good time was had by all.

The first part of the tour in England had 20 people from other countries, swelling to 73 for the Guernsey part. There must have been at least 200 at the banquet. It was good to see so many there. What I noticed about this tour was the amount of young people attending. The people from Guernsey did a fantastic job showing us their cattle, their farms, and feeding us all lunches, teas and BBQ's, from Ray Watts to all the people on his committee to ladies selling T-shirts and group photos. The hotel was excellent. I can't describe everything and name all the people and farms as it would be too long. Thank you very much to all the Guernsey Island people and it was good meeting you all again or for the first time. If anyone in Canada has not been on a World Guernsey Tour and Conference, you are truly missing a good time.

Thank You by Glen McNeil

To the Canadian Guernsey Association

It was indeed a privilege and an honour for me to judge the National Guernsey Show at Ancaster Fairgrounds on September 20 2013.

The Junior Champion was a very balanced, dairy Sr. Heifer that had an advantage in development over a very dairy, deep ribbed, well grown, very impressive Jr. Heifer. I felt this pair were the most correct, showing breed character and could handle the most competition of any junior heifers that were shown.

The showmanship competition is very important and very worthwhile for skill development and to gain expertise and confidence in showing dairy cattle. There was an enthusiastic group of young exhibitors that I sincerely hope benefited from the experience.

The Grand Champion and Reserve were the 1st and 2nd mature cows that both showed an abundance of Guernsey breed character. The Grand cow had an advantage in length of neck, mammary system and feet and legs over the 2nd place mature cow.

I would like to congratulate all exhibitors and again thank the organizing committee for the invitation to me to judge the 2013 National Guernsey Show.

Sincerely
Glen McNeil

At this time of year, it is important to look back at what has been accomplished and to plan for the year to come. Looking back there are many members to thank for sponsoring, exhibiting, helping, supporting or watching the various Guernsey shows throughout the year. It is with your continued support these shows will continue. The various show results are printed in this newsletter so please congratulate the many winners. The World Guernsey Conference and tours was a highlight for some of our members who attended. Thank you to Tina White for her pictures, interesting and informative report which you can enjoy reading in this newsletter. John Gordon provided details from the Conference in our last newsletter and will be giving a preparation on the conference and tour at the upcoming Annual Meeting.

Candid Guernsey pictures from 2013 are required for advertising, so forward your pictures to the office for a chance to have your picture selected for the cover of the next Guernsey Journal and annual report. The Board of Directors has given support for the Guernsey breed to participate on a working group which has been established to discuss the possibilities of Multi-Breed Herd Book Services with Holstein Canada. The meetings will commence in mid December.

For the past year or so there has been discussion at the Board level and I am sure at the member level as well, would the membership support a young sire program and if so how best to offer this program? There is information in Rob's report and we are requesting your thoughts and comments on the options for a Guernsey Young Sire Program. Please take the time to make your thoughts known so the Board can make an informed decision.

Guernsey Canada will be represented once again at the 2nd Annual Canadian Dairy Xpo, Stratford, Ontario, February 5 and 6, 2014. This is an all dairy show and if you are attending, plan on visiting our booth in the Cow Coliseum.

The Annual General Meeting will be here before we know it. Please mark your calendar for Thursday, March 27 at 10:30 at EastGen and plan to attend your annual meeting and enjoy a complimentary lunch. Simply call or email the office to order your meal.

May Peace, Joy, Hope, Health and Happiness be yours during this holiday season and throughout the New Year. Best wishes for 2014!

Minor Shuffling Among Guernsey Leaders

Without change among the top four LPI bulls, the breed is still led by Lewis (#1), Double L (#2), Bingo (#3) and Jordan (#4). Idle Gold E Challenge makes gains for all three LPI components and climbs the ranks from #13 to #5 LPI this round, nudging Warden down a notch to #6 LPI. On the cow side, the list of Top 10 LPI shuffles around to some degree while Glen Haven Lewis Lana (#1) and Maplehurst Aarons Bianca (#2) remain the breed leaders. This round sees Guernsey View Tina's Winnie taking #3 LPI spot, followed by Maplehurst Warden Bianca (#4 LPI, dam of Aarons Bianca), Eby Manor Lewis Secelia (#5) and Guernsey View Kit's Ruby at #6 LPI.
