

President's Ramble

Greetings!

Once again, it's the time of year where our cows are settling-in for winter. I hope everyone has sufficient quality feed to allow your Guernseys to produce great quantities of golden milk. It has been said that farmers are eternal optimists and the challenges we faced in the past year subside with anticipation of a brighter future.

In some ways, dairy farmers have a special connection to the events of two thousand years ago as we work with our livestock in our barns on Christmas Eve. During a time when world events are filled with evil, greed and corruption, it's so refreshing to hear a Good News message, especially one that reminds us of the true meaning of Christmas. Take a few moments out of your busy schedule to reflect, appreciate and give thanks.

Wishing you and your families a Very Merry Christmas and a Prosperous New Year!

Alan Spence

Opportunities are abound for the Guernsey breed! Demand for animals exceeds supply! This is a good problem to have however breeders need to be open to selling animals as well. In years past, inquiries would be made for "house cows" (and still are), but now inquiries are also being made for animals to be added to existing herds. This is exactly what is needed for Guernsey growth! The quality of Guernsey milk as well as its health benefits have made the Guernsey cow an attractive alternative. West Coast Holsteins of Chilliwack, B.C. recently purchased the Junior Champion at World Dairy Expo to add to their 30 head of Guernseys that originated from Washington State. The milk from these animals is currently being used for cheese production. West Coast is also looking for a significant number of A2A2 Guernseys to supply products to an infinite market in British Columbia. We look forward to providing assistance to them as they embark on the Guernsey adventure! We are also working on a project with the American Guernsey Association regarding the export of a significant number of embryos.

This year's Canadian Guernsey National Show was consistent with last years entries and as usual the quality was exceptional. Many thanks to Jessie Weir for scorekeeping, Marie McNabb for announcing, Harry Emmott for serving as our ringman, Glenn Barkey as our official judge, Frank Robinson as our photographer, and to our many class sponsors and exhibitors for partici-

pating. Congratulations to Jocelyn Forster for competing at the TD 4-H Classic at the Royal where she placed 4th in the coloured breeds class.

Our first young sire entrant into the Canadian Guernsey Association program, Lindrian Grumpy Pilot has a few daughters that have freshened and I would expect a proof on the next round in April. Pilot also has his first son in A.I., Walnut Ridge Prince Charming who is available from Select Sires. Our next entrants are about a year away so we have been looking at other options to fill the gap. Unfortunately, a couple of prospective UK sires did not meet health requirements. We are currently looking at another UK sire that already in stud and is eligible for export to Canada.

Our next publication will provide further updates to these exciting developments. Stay tuned!!

From my family to yours, have a safe Holiday Season and Merry Christmas!

A Partnership Between CanWest DHI, Canadian Dairy Network and Valacta

Guelph, Ontario & Ste-Anne-de-Bellevue, Quebec -- CanWest DHI, Canadian Dairy Network and Valacta are pleased to announce an agreement in principle for a progressive new partnership in the dairy industry. The three industry partners are planning a transition that would lead to a unified market presence and joint management of producer services over the coming year. The new partnership will be governed by a producer-driven governance structure to be finalized and approved by members and owners.

"We have worked closely with our partners at CanWest DHI and the Canadian Dairy Network for more than two decades and this is a natural extension of our historic working relationship" announced Valacta Chair Pierre Lampron.

The new partnership would bring together the leading dairy herd improvement organizations responsible for milk recording and genetic evaluations in Canada with the knowledge transfer activities of the Valacta Centre of Expertise. The new partnership would continue to operate from their primary business locations in Guelph, Ontario and Ste-Anne-de-Bellevue, Quebec. The combined organizations will bring together a team of more than 500 people dedicated to providing services to the more than 11,000 dairy farms across the country.

Canadian Dairy Network Chair Norm McNaughton echoed Mr. Lampron's comments by stating "This is an important milestone in the evolution of our industry. We are demonstrating that not only can we work together across the country, we can also work together across different areas of our industry".

Canadian Dairy Network Chair Norm McNaughton, CanWest DHI Chair Ed Friesen and Valacta Chair Pierre Lampron.

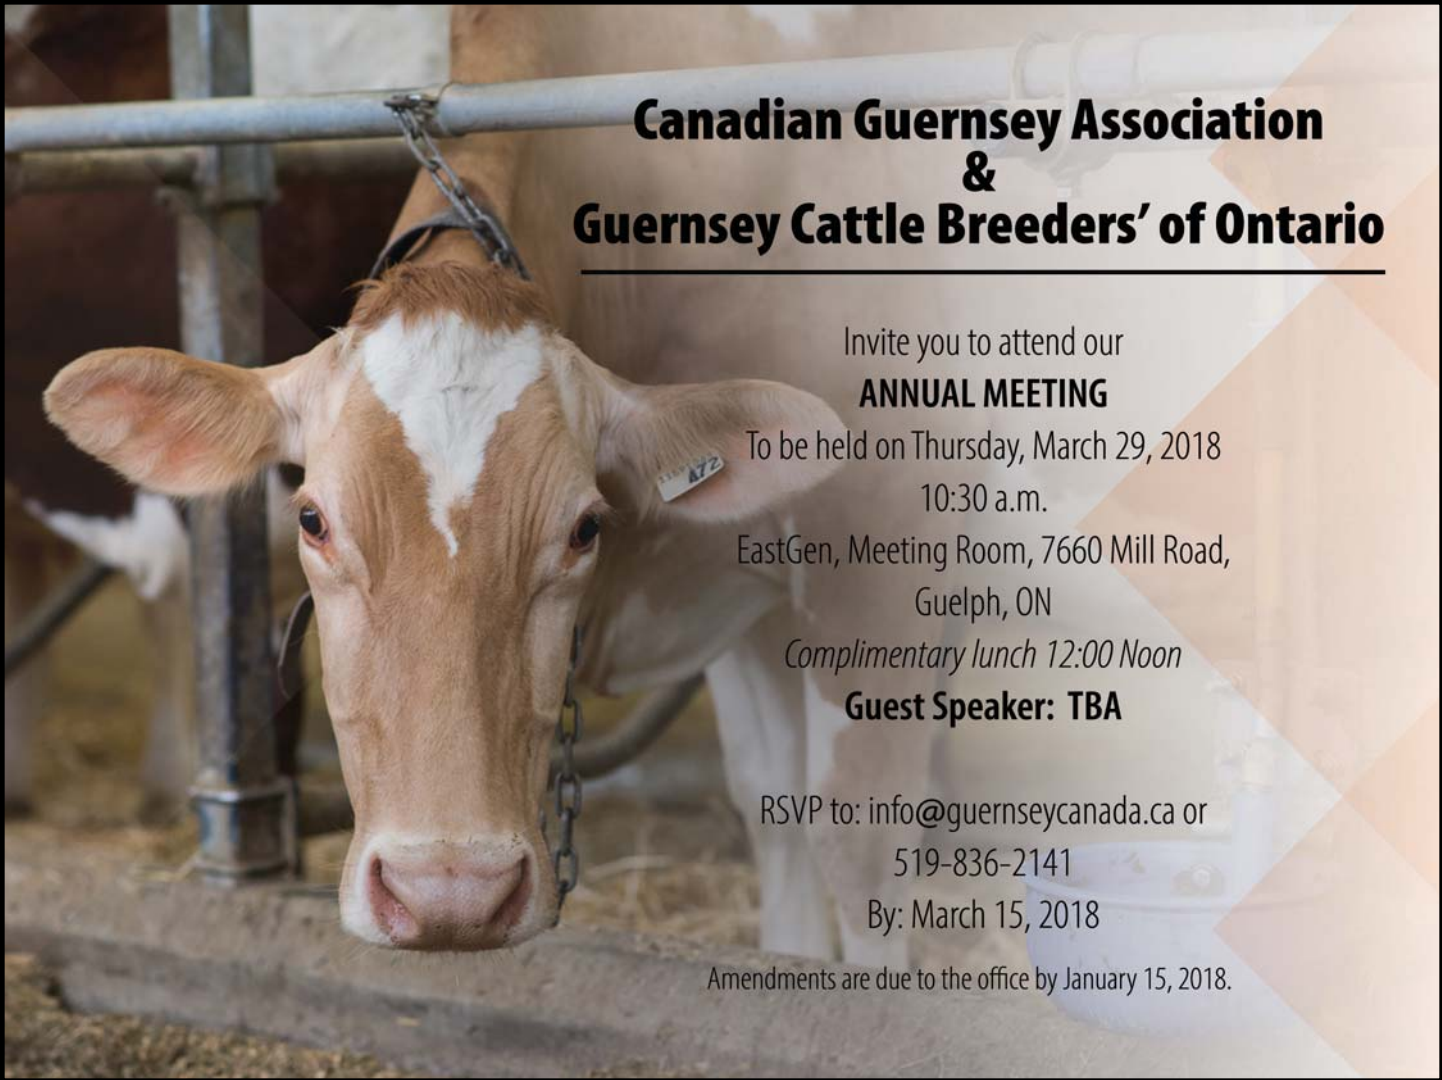

The new organization is scheduled to start officially on October 1, 2018.

In addition to the two main office locations (CanWest and Canadian Dairy Network are located in the same Guelph building) the new partnership would continue to manage four lab operations (Quebec, Ontario, Alberta and British Columbia). In addition to milk recording and genetic evaluation services, the partners would continue their responsibilities for the analysis of raw milk payment and milk quality services for Dairy Farmers of Quebec, SaskMilk, Alberta Milk and the BC Milk Marketing Board as well as specialized milk analysis services. These lab services will be in addition to the 6 million individual cow samples collected and tested annually by the partners.

CanWest DHI Chair Ed Friesen stated "I'm proud of the leadership demonstrated by the respective Boards. They have the vision and commitment to position the dairy industry for the future and ensure that we have the ability and infrastructure to support Canadian dairy producers and keep us globally competitive for years to come."

The combined organizations will leverage their respective strengths to more fully integrate herd management and genetic/genomic information and knowledge transfer for dairy farmers. The ability to combine these key elements of profitable dairy herd management services will provide Canadian dairy farmers with the tools necessary to ensure our global leadership position both for efficient milk production and dairy cattle genetics.

CanWest DHI, Canadian Dairy Network and Valacta are farmer-run organizations providing profitable dairy management and genetic solutions to dairy producers across Canada.

Update From Holstein Canada

We all appreciate how technology minded Canadian dairy producers are! To this end, Holstein Canada is constantly updating our web services thanks to our new and improved Herdbook software. In the following paragraphs, please find a summary of tools for your members using services offered by Holstein Canada.

Clients are assigned an account number and have access to much information through their web account. When producers place orders or use services through Holstein, often the order can be placed online and the accompanying/resulting documentation are delivered to the producer's web account much faster than waiting for the mail. In their web accounts, producers can:

1. View/Edit Profile Details (phone number, email, address).
2. Classifier's Schedule notification will appear on the home page 3 weeks prior to the classifier starting in the producer's area.
3. Access their Canadian Genomic Results – as long as their email address is up-to-date, they will also receive email notifications when results are ready. These reports now have breed specific logos.
4. Check up to date Active Milking Females list with the most recent milk test (milk recording herds only).

5. Available in Online Services they can:

- a. Order NLID Tag sets and replacements (outside Quebec).
- b. View a Herd Management listing of animals in their ownership.
- c. View Conformation list of classification visit details.

6. Set their Preferences to receive all documents electronically and receive email notification when new ones are added.

7. Check out their e-Documents – these are available for viewing for one year, or producers can e-file them for future reference.

8. Access Dairy Breed Applications for Brown Swiss, Guernsey, Milking Shorthorn and Canadienne cattle.

9. View statements, invoices and make payments in their Account.

These features are available to all producers at no extra charge when they order tags, classify or genotest with Holstein Canada. Signing up for a web account is easy and can be done on the Holstein Canada website www.Holstein.ca. All producers need to sign up is their account number from their invoice/statement.

Coloured Breed Highlights - December 2017 -

“Prada” Confirmed as Conformation Specialist in Guernsey

Previously proven in the United States, Indian Acres Prada-ET (Aaron x Magicman) receives his first official LPI this round at #26 and confirms his status as a type specialist, becoming the new #1 Conformation bull at +12. As for the Top 5 LPI list, it remains exactly the same with Pine Ridge Double L-ET staying at #1 ahead of Trotacre Enhancer Lewis ET (#2 LPI, #1 Milk, #1 Protein). They are followed by maternal brothers Golden J Ronald Grumpy at #3 (tied #4 Protein) and Golden J Les George at #4 LPI. Idle Gold E Challenge rounds off this list at #5 LPI. For Guernsey cows, the leading trio remain unchanged with Glen Haven Lewis Lana still at #1 LPI (tied #5 Fat, #2 Protein), Eby Manor D L Indy at #2 LPI (tied #2 Fat) and Lindrian Polite in #3 LPI position (#1 Milk, tied #2 Fat, #1 Protein). The dam of Lana, Glen Haven Double Bubble, climbs one notch to take #4 LPI and the same is true for Guernsey View Urma's Expense as she reaches the #5 spot to complete the list of Top 5 LPI cows this round. The highest newly indexed cow this round is Guernsey View Zara's Brynn (George x Blue Spruce) at #34 LPI.

Administrator's Message

Our National Show is now behind us, year-end activities are drawing to a close and preparations begin for the new year ahead.

Thank you to our many show sponsors, exhibitors and helpers who made the national show a great success. The national show is always a great time to see friends and members we haven't seen for a while and to view great Guernsey cattle. This year was no exception with the quality exhibited through all classes. Congratulations to all our class winners. A special note to Rob Forster with the Grand Champion, Maplehurst Les Zelda, 1st place 3 year old and also the Junior Champion, Broadview Levi Arlene, 1st place Intermediate Calf.

The next Annual General Meeting will be on Thursday, March 29th at EastGen, Guelph, ON. Please mark your calendars and plan to attend. Our hope is to have a guest speaker from Gay Lea to discuss their 40 million dollar expansion and plans for the future. Details to follow.

As I write this message for the newsletter, our new association website is in the final stages of proofing. The hope is by year-end to have a new, user friendly, mobile accessible website for our members. Make sure to check it out!

At this time, I wish to say thank you to the staff at Holstein Canada for their continued service to the breed. A special thank you to Annie Cote, our Registrar for her commitment

to completing our registry work in a timely manner and to Linda Markle for her guidance and support as we continue to improve the options for our Guernsey members. The hope is to have automation of the Gold Star Dam Award, Gold Star Breeder Award and the Master Breeder Award by year-end. Thank you to Pat Hill and staff who have helped with pulling this venture together.

At this time, I wish to say thank you to the Board of Directors, Rob Forster and our Guernsey members for their support and help throughout the year. From my family to yours, wishing you the gifts of the season – Peace, Joy and Hope. Merry Christmas and a Happy, Healthy, Prosperous New Year in 2018!

Season's Greetings,

Jessie Weir
