

GuernseyNews

President's Ramble

No news is good news. *Or is it?*

Recently, the news has been filled with stories concerning trade talks and trade wars. Our Canadian dairy farmers are especially concerned since many of these reports mention our supply management system. Government continues to pledge support for supply management, however we know that recent trade deals have allowed increased volumes of foreign milk into our domestic market. This combined with a lower milk price is creating problems with our sustainability. Hopefully an acceptable solution can be found in the near future.

On a more positive note, the latest milk production figures have been published, and it is encouraging to see continued improvement with our Guernseys. In fact, when using current milk value, Guernsey milk is worth considerably more per litre. Cost of production would also be less for our Guernseys, and therefore net return would be significantly greater. Our next challenge is to increase our registrations. Getting a foot in the door, or more like a Guernsey into a new herd, is in our best interest. The modern Guernsey cow is well suited to all management situations, and would be an asset to any herd.

Breed promotion starts on the farm and at the local level. The agricultural fair season is upon us, and I would like to thank and congratulate everyone who makes the effort to participate and thus promote the Guernsey breed. Wishing you the best of luck, whether it is at your county fair or at the National Show!

Fieldman Reflections

Thanks to the breeders that participated in this year's Ontario breeders' cup that was officiated by Collin Allardyce. There were 17 head made available by 5 different breeders. The results and the background on the winners can be found in this newsletter.

Many thanks go to Select Sires/Generations and EastGen for their continuous support of this event and to Collin for his time and expertise. Recently, Maplehurst Farm provided 2 classes to the Ontario 4-H Judging Competition. These animals were chosen by Murray Reissner, who continues to be a huge advocate of the Guernsey breed. The top 4 competitors earn the right to represent Ontario at World Dairy Expo with Murray's guidance. I thank Murray for his continued support and his commitment to the young men and women that will form the agricultural leaders of tomorrow.

I expect that Lindrian Grumpy Pilot will have a proof that is scheduled for release. According to CDN there are currently 65

Canadian registered daughters. I am currently taking orders for 3 UK bulls with semen available. Semen will be shipped based on a preorder basis only.

This year's Canadian Guernsey National Show will be taking place on Friday September 21, 2018. This year's judge is Stephanie Murphy who, along with her parents, sister and husband operate Ronbeth Holsteins in Hastings, ON and are a three time Master Breeder. Stephanie is honoured to be chosen as this year's judge and we looking forward to see you there too!

2018 Ontario Guernsey Breeder's Cup Winners

Sponsored by Select Sires Generations Canada & EastGen

Judge: Collin Allardyce, Brantford, ON

Maplehurst Pilot Nimble (left) - The winning first lactation animal is scored VG-88 and is sired by Lindrian a Grumpy Pilot – ET (Canadian Guernsey Association Syndicate/Semex). Her dam is a VG-87 Penny Lane Royal Oak Turley daughter. Owned by Ken Forster, Lynden, ON.

Judge's Reasons: A tremendous class of First Lactation individuals was displayed for me over the two day event. And after careful consideration I selected the entry from Maplehurst as the class winner. This beautiful dairy cow used her overall dairy character, tremendous length from the tip of her nose to the tip of her tail, sound feet and legs, strong fore udder attachment with exceptional blending into the body wall. She uses the aforementioned traits; coupled with arguably the best feet and legs of the competition to top the class.

In Second place the entry from Eby Manor paired with our winning cow quite nicely as she also exhibits an exceptional set of rear legs highlighted by her flat bone and strong heels. This cow was showing a touch more condition on the day of the class but still reflected the traits of a strong dairy cow that we can all appreciate. She used the youthfulness and texture of her udder coupled with the strength over the top especially through her loin to place second.

In third place the entry from Nobles, a tremendously dairy cow that was in prime condition for the day, exhibiting a beautiful drop and openness to her rib both fore and rear as well as a tremendous lift to her front end and sharpness to her chine. She uses this advantage to carry her over the fourth cow today. Taking nothing away from our fourth cow the second entry from Maplehurst. Another deep bodied cow exhibiting tremendous width from her muzzle all the way back thru her pins. She is carrying a hint more condition than our 5th place cow but used her advantage in her strength of fore udder attachment and height and width to her rear udder.

Our 5th place cow the entry of Comfort is another dairy cow that shows me a tremendous amount of breed character and types in quite well with our 4th cow, a cow I would just like to see her fresh again to advance up the class. The entries from 6th to 10th made this class extremely difficult and on any given day could see themselves up the class.

2 nd	Eby Manor Jaguar Erica (Eby Manor)
3 rd	Shady Haven Levi Luleta (Paul and Cathy Noble)
4 th	Maplehurst Legend Found (Ken Forster)
5 th	Comfort Farms Gabrielle (Comfort Farms)

Eby Manor DL Indy (right) – The winning 3+ Lactation animal is scored EX-92 and is sired by Pine Ridge Double L (Semex). She was the 2016 Reserve Grand Champion at the Canadian National Guernsey Show. She also won Grand Champion honours in 2015 and 2016 at Rockton Fair. She is the #2 LPI (#1 Active) cow in Canada. Her completed 4yr old record is 9334 kgs milk with 6.0% B.F. and 3.7% P. Her 5 year old projection is 10157kgs milk with 5.7%B.F. and 3.7% P. Indy's dam is a VG-85 point Sniders Option Aaron daughter. She is owned by Eby Manor, Waterloo, ON.

Third Lactation or Higher Cows

The third lactation class is a tremendous group of individuals. This class that was a lot of fun for me to place as I have always had a soft spot for the older cows that have stood the test of time.

I started this class with the aged cow from Eby Manor. I fell in love with the balance, symmetry and smooth blending of her parts. She was the first cow I viewed and really stuck with me throughout the completion. She is balanced and dairy with loads of strength and style that appeals to me in both the barn and the show ring. She exhibits tremendous length from end to end with a mammary system that exhibits loads of quality, height and width of her rear udder attachments and a well-defined median suspensory ligament. Her fore udder attachment is very strong and smooth and is desirable from all angles. She uses the aforementioned advantages coupled with her definitive advantage in her leg structure when viewed from the side and rear as well as her depth of heel and cleanliness of bone.

Following in second place is the aged cow entry of Maplehurst. A cow that exhibited a beautiful frame showing tremendous length from end to end as well as a deep and open rib. A cow who in her prime state of lactation could no doubt compete with our winner just is unable to do so today being as fresh as she is. Taking nothing away from this cow as I admire her beautiful and frame and squareness of udder.

Coming out in third place is the entry of Comforts a cow that you admire for her balance and blending of parts as well as her strength and levelness of top. She uses her angularity and dairy appeal coupled with her flatness of bone and overall frame and capacity to carry her over the fourth place cow. It should also be noted this cows uses her slope from her hips to her pins and placement of her thurl to place ahead of the fourth cow.

Following in fourth is another entry of Maplehurst, a smaller cow than the three ahead of her but what she lacks in frame she makes up for in her quality of parts. She holds the advantage over the cow ahead of her in terms of the blending and strength of her udder attachments. She uses this as well as her more desirable set to her leg when viewed from the side to place over the fifth cow.

Cont'd from Pg 3

The entry of Nobles comes in 5th; another tremendous dairy cow with beautiful depth and openness to her rib that could be seen throughout the barn. She just lacks the quality and volume of udder as well as strength of top to carry her any higher in the class today. But a truly impressive and dairy individual.

1 st	Eby Manor DL Indy (Eby Manor)
2 nd	Maplehurst Prada Whisk (Ken Forster)
3 rd	Comfort Farms Sharon 2 (Comfort Farms)
4 th	Maplehurst Grumpy Binoo (Ken Forster)
5 th	Shady Haven Pinto Gwen (Paul and Cathy Noble)

For my selection of Champion cow I have chosen the Winning Aged cow from Ebys followed by the Second Prized Aged Cow from Maplehurst and rounding out in Honorable Mention is the Winning First Lactation Cow from Maplehurst. For me the selection of the two aged cows as grand and reserve was easy as this pair exhibits the qualities of both the Guernsey Breed and Dairy Cow that we can all appreciate.

Administrator's Message

Thank you to everyone who attended the Guernsey AGM in March. The meeting was enjoyable as always and the auction raised just over \$1000 for the association. Thank you to Marie McNabb for a very interesting and informative presentation on Gay Lea Foods.

Hopefully everyone received their Guernsey Journal and enjoyed reading through the pages. If you did not receive a copy or would like extra copies to have on hand at your farm please let me know.

The Board conference call scheduled for June was cancelled due to great haying weather and low availability for participation. Any items which needed to be dealt with were done by email or phone. The number of registrations and transfers are up slightly from the same period last year and number of members down by 5.

In July, the office received an update from Holstein Canada on the herd book project regarding Guernsey. Portions of the message received from Linda Markle are stated in this paragraph. The staff have been working on data conversion and business rules. The plan is to implement 1 breed at a time, beginning with Canadienne breed, followed by Guernsey, Milking Shorthorn and Brown Swiss, Braunvieh. The Canadienne data conversion, data review and monitoring process is underway with Guernsey to follow shortly. The breed by breed approach allows staff to focus on each breeds data and rules. When the

conversion and 'tweaking' reaches a certain threshold of completeness, the schedule for implementation is planned and evolves as staff continue the process. Over the next several months, Holstein Canada will communicate the targeted implementation dates for each breed as the schedules become available. They will also inform the office of changes that will affect producers, such as availability of online services. The hope is the transition will be seamless for our members. Please feel free to contact me with any concerns.

The National Guernsey show is fast approaching and so is the deadline for show entries. All entries are required to be entered by September 12th. The link for the entries is <https://www.assistexpo.ca/ancasterfair> then find "National Championship Guernsey Show" in the drop-down menu under "shows". Thank you to our exhibitors and sponsors who support the show. Looking forward to seeing everyone at the show on the 21st.

Best wishes with your fall shows and work.
